I. Executive Summary

MED-Project WA, LLC ("MED-Project") operates a Product Stewardship Plan for Covered Drugs from Households in the State of Washington, approved by the Washington State Department of Health (the "Department") on May 25, 2020 ("Approved Plan"). MED-Project is submitting this Annual Report for the period between January 1, 2020 and December 31, 2020 (the "Reporting Period") as described in Approved Plan Section X: Reporting. Per the Approved Plan, MED-Project initiated operations by November 21, 2020. This 2020 State of Washington Annual Report ("Report") focuses on MED-Project's covered activities in the Jurisdiction between when the Plan was approved on May 25, 2020, and December 31, 2020. All capitalized terms used but not otherwise defined herein shall have their respective meaning set forth in the Approved Plan.

Notifications in the Reporting Period

MED-Project submitted a number of updates during the Reporting Period. The updates included:

- The 2019 MED-Project Annual Report was submitted to the Department on July 1st, 2020.
- The MED-Project Safe Medicine Return Program Implementation Update was submitted to the Department on October 29, 2020. The update included the consultation process with the Department and local health jurisdictions, a status of all population centers projected to meet the Service Convenience Goals, and recommendations for potential supplemental services. The Department approved the Implementation Update on November 9, 2020 and requested additional information.
- Additional detail was provided in the MED-Project Safe Medicine Return Program Implementation Update, which was submitted to the Department on December 31, 2020. The Implementation Update provided additional detail on each population center that had not yet met the Service Convenience Goal.
- As described in the Approved Plan, Appendix A: Participating Covered Manufacturers, MED-Project provided the list of Covered Manufacturers participating in the Program every 30 days. MED-Project provided the list on June 15, July 15, August 15, September 15, October 15, November 15, and December 15, 2020.
- As described in the Approved Plan, Appendix D: Potential Authorized Collectors with Expressions of Interest, MED-Project provided the list of Authorized Collectors and Collection Sites participating in the Program every 30 days. MED-Project provided the list on June 15, July 15, August 15, September 15, October 15, November 15, and December 15, 2020.
- On March 1, 2021, MED-Project submitted the first MED-Project Annual Collection Report for 2020 to the Department.

2020 Operations Overview

MED-Project activated 162 Collection Sites in the Reporting Period. In addition, MED-Project distributed Mail-Back Packages to 30 Mail-Back Distribution Locations. MED-Project distributed outreach and educational materials to all participating Collection Sites. All brochures, posters, and MED-Project website pages included in this Report are representative examples from the Reporting Period.

During the Reporting Period, MED-Project began preparations for transitioning the seven jurisdictions in Washington State that currently have ordinances ("Grandfathered Jurisdictions")(Clallam, King, Kitsap, Pierce, Skagit, Snohomish, and Whatcom Counties) into the Program. The Grandfathered Jurisdictions

transition will result in the addition of approximately 390 Collection Sites and 55 Mail-Back Distribution Locations into the Program on November 21, 2021. On June 23, 2020, MED-Project met with agency representatives from the Grandfathered Jurisdictions. MED-Project reviewed the transition schedule, discussed effects of the Approved Plan on the Grandfathered Jurisdictions, and answered questions about the transition process. MED-Project also conducted meetings on September 22 and December 14, 2020. These meetings discussed:

- MED-Project activities related to COVID-19 and activities planned for the remainder of 2020 and 2021.
- An overview of MED-Project's media outreach program.
- A review of the transition timeline.
- An update on the Program.
- An overview of how Retail Pharmacies can sign up to request Mail-Back Packages for distribution to Covered Entities.

MED-Project operated throughout the COVID-19 pandemic and met all collection goals for 180 days after Plan approval. During the Reporting Period, none of the 162 activated Collection Sites had access restrictions as a result of the COVID-19 pandemic. On November 19, 2020, MED-Project distributed a notification to 522 Retail Pharmacies in the State of Washington, informing the Retail Pharmacies of the opportunity to become a Mail-Back Distribution Location. During the Reporting Period, MED-Project ran a public service announcement ("PSA") encouraging safe disposal of Covered Drugs and use of mail-back services in response to the COVID-19 pandemic.

As outlined in the Approved Plan, the goal of the Program is to provide Covered Entities with convenient, safe, and accessible methods to dispose of Covered Drugs. MED-Project anticipates a steady increase in Collection Sites through 2021, as a result of outreach and Program activities, especially if there is increased retail chain pharmacy participation in the Program.

MED-Project continues to communicate with Collection Sites to distribute outreach materials, review procedures, as needed, and improve the overall Program design.

The following sections of the Report respond to specific reporting requirements in the Approved Plan. Each section of the Report restates the corresponding Approved Plan requirement and provides the required information.

II. Covered Manufacturers Participating in the Program

Approved Plan Section X: "A list of Covered Manufacturers participating in the Program."

See Appendix A, Table 1: Participating Covered Manufacturers. The list in Table 1 represents Covered Manufacturers who participated in the Program during the Reporting Period.

III. Collection Method and Weight

A. Collection Weights

Approved Plan Section X: "The amount, by weight, of Covered Drugs collected, including the amount by weight from each collection method used."

- MED-Project collected 5,405.5 pounds of Covered Drugs through Collection Receptacles at Collection Sites.
- MED-Project collected 10.9 pounds of Covered Drugs through the return of 35 Mail-Back Packages.
- MED-Project collected a total of 5,416.4 pounds of Covered Drugs through all collection methods.

B. Collection Sites

Approved Plan Section X: "A list of Collection Sites with addresses."

See Appendix B; Table 2, Collection Sites.

C. Rapid Response

Approved Plan Section X: "A description of any Collection Site requests for Rapid Response that were not provided to the Collection Site."

There were no Rapid Response requests from Collection Sites during the Reporting Period.

D. Mail-Back Services

Approved Plan Section X: "The number of Mail-Back Packages provided."

- MED-Project distributed 809 Mail-Back Packages to 30 Mail-Back Distribution Locations.
- MED-Project distributed 170 Standard Mail-Back Packages to Covered Entities through the MED-Project website and toll-free number.
- MED-Project distributed 20 Inhaler Mail-Back Packages to Covered Entities through the MED-Project website and toll-free number.
- MED-Project distributed 41 Injector Mail-Back Packages to Covered Entities through the MED-Project website and toll-free number.

Approved Plan Section X: "Locations where Mail-Back Packages were provided, if applicable."

See Appendix C; Table 3, Mail-Back Distribution Locations.

E. Collection Events

Approved Plan Section X: "Dates and locations of Collection Events held, if applicable."

There were no Collection Events held during the Reporting Period.

IV. Transporters and Disposal Facilities

Approved Plan Section X: *"The transporters and disposal facility or facilities used."*

A. Disposal Facility Information

See Appendix D; Table 4, Disposal Facilities.

B. Transporter Information

See Appendix E; Table 5, Transporters.

V. Safety and Security Report

Approved Plan Section X: *"Whether any safety or security problems occurred during collection, transportation, or disposal of Covered Drugs, and, if so, completed and anticipated changes to policies, procedures, or tracking mechanisms to address the problem and improve safety and security."*

There were no safety or security problems reported during the Reporting Period.

VI. Public Education, Outreach, and Evaluation Activities Implemented

Approved Plan Section X: *"A description of the public education, outreach, and evaluation activities implemented. MED-Project will provide all promotional and education materials developed for the Program with each annual report."*

A. Public Education Activities

MED-Project provided disposal instructions to Covered Entities for Collection Receptacle and mail-back services offered through the Approved Plan. In addition, MED-Project maintained the MED-Project website and toll-free number to provide information pertaining to MED-Project disposal options and outreach materials. The MED-Project website, toll-free number, and outreach materials, such as posters and brochures were available in English and the Specified Languages: Spanish, Chinese, Vietnamese, Russian, and Tagalog. MED-Project website information and statistics are provided in Appendices G and H, respectively.

B. Outreach Activities

MED-Project conducted the following outreach activities during the Reporting Period: provided broadcast television, radio, and digital advertising campaigns; distributed signage and brochures; and posted information to the MED-Project website. See Appendix I for examples of brochures and posters. Appendix J provides brochure and poster distribution information.

MED-Project released a public service announcement directed at residents on social media websites, digital media, and broadcast television platforms. MED-Project issued a press release on November 21, 2020, announcing the Program. It covered 22 counties across the State, generated 21 news stories, and was aired on two television stations.

The reach percentage and frequency for each media campaign is provided in the Media Outreach Summary in Appendix L.

C. Evaluation Activities

During the Reporting Period, MED-Project initiated the media campaign following initiation of the Program on November 21, 2020. Reach and frequency statistics are provided in this Report, and MED-Project will provide evaluation metrics for the media campaign in the 2021 State of Washington annual report.

VII. Packaging Recycling

Approved Plan Section X: *"A description of how collected packaging was recycled to the extent feasible."*

As described in the Approved Plan, while drug packaging is expected to constitute a significant amount of the waste incinerated under the Approved Plan, MED-Project has concluded that separation of inner and/or outer packaging from Covered Drugs or recycling packaging would raise three significant concerns:

- Separating and recycling drug packaging could result in the disclosure of confidential patient information appearing on prescription drug packaging.
- Separating and recycling drug packaging could increase the potential of releases and leakage of Covered Drugs.
- Separating and recycling drug packaging could increase diversion risks by adding additional steps to the collection process and because drug packaging is used in drug counterfeiting and would be a diversion target itself.

For these reasons, the Approved Plan does not provide for the separation and recycling of packaging from Covered Drugs.

VIII. Program Goals

Approved Plan Section X: *"A summary of the Program's goals for collection amounts and public awareness, the degree of success in meeting those goals, and, if any goals have not been met, what effort will be made to achieve those goals the following year."*

A. Collection Amount Goals

During the Reporting Period, MED-Project met the following collection goals within 180 days of Plan approval:

- Established over 150 Collection Sites within population centers where authorized collectors are available.
- Established Collection Sites outside of population centers where an eligible potential Authorized Collector that is regularly open to the public is willing to participate in the Program. MED-Project initiated supplemental collection services in consultation with the Department, local law enforcement, local health jurisdictions, and local communities in areas where authorized collectors are not available or Collection Sites are not established.
- Initiated mail-back services through the MED-Project website and a toll-free number to all Covered Entities.

B. Public Awareness Goals

During the Reporting Period, MED-Project met the following public awareness goals within 180 days of Plan approval:

- Initiated a media campaign throughout the State for the duration of one month, during the Reporting Period. The combined State reach percentage¹ was 63% for the Reporting Period, obtained through a variety of media channels. See Appendix K; Media Outreach Summary.
- Launched the MED-Project website on August 8, 2020, providing:
 - Convenient locations webpage with an online location search for Collection Sites and Mail-Back Distribution Locations.
 - Mail-back services webpage with an online request form for Covered Entities.
 - Collection Event webpage with the dates and locations of scheduled Collection Events.
 - A Help Desk for Authorized Collectors, potential Authorized Collectors, Collection Sites, Mail-Back Distribution Locations, and Retail Pharmacies providing Mail-Back Packages to Covered Entities.
 - Downloadable and printable materials in English.
- Established a multilingual call center with teletypewriter mode available for residents.

IX. Program Expenditures

Approved Plan Section X: *"The Program's annual expenditures itemized by the following categories, consistent with WAC 246-480-040(5) and WAC 246-480-080(2):*

Administrative costs.

Collection and disposal costs.

Communications costs."

See Appendix L, Table 13: Annual Expenditures.

¹ The Combined State Reach Percentage is the percentage of State residents at or above age 18 who were exposed to the various media during a given period.

MAIL BACK

Do not place medicines in the trash or recycling, and never flush them down the toilet.

MEDICINE MAIL-BACK SERVICES

Mail-Back Services for expired or unwanted medicines are available, free of charge, to all residents upon request. Mail-Back Distribution Locations may also be available in your area. Medications in any dosage form, except for those identified as not accepted below, in their original container or sealed bag are accepted.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicines.

NOTE: The following items are not accepted in Medicine Mail-Back Envelopes: Herbal remedies, vitamins, supplements, cosmetics, other personal care products, medical devices, batteries, mercury-containing thermometers, sharps, illicit drugs, pet pesticide products, and inhalers.

If transferring medications to a sealed bag, please be sure to recycle remaining packaging.

INHALER MAIL-BACK SERVICES

Mail-Back Services for inhalers are available, free of charge, to all residents upon request.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicines.

NOTE: Only place undamaged inhalers in their original containers in the Inhaler Mail-Back Package. Inhaler Mail-Back Packages can only be used for inhalers and cannot accept other types of items.

INJECTOR MAIL-BACK SERVICES

Mail-Back Services for pre-filled injector products are available, free of charge, to all residents upon request.

NOTE: Injector Mail-Back Packages can only be used for pre-filled injector products and cannot be used for inhalers or other types of unwanted medicines.

Please complete the below form to request a pre-paid, pre-addressed mail-back package. Instructions for disposal will be provided with all mail-back services. Please submit separate forms for each type of mail-back package.

If you are a retail pharmacy and would like to distribute Mail-Back Packages, please login or create an account ([click here](#)).

CONVENIENT LOCATIONS

Community kiosk drop-off sites allow patients to bring expired or unwanted medicines to convenient locations for proper disposal. Residents may also go to selected locations to request a Mail-Back Package for expired or unwanted medicines.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicines.

MEDICINE

ACCEPTED: Medications in any dosage form, except for those identified as Not Accepted below, in their original container or sealed bag.

NOT ACCEPTED: Herbal remedies, vitamins, supplements, cosmetics, other personal care products, medical devices, batteries, mercury-containing thermometers, sharps, illicit drugs, and pet pesticide products.

If transferring medications to a sealed bag, please be sure to recycle remaining packaging.

Do not place medicines in the trash or recycling, and never flush them down the toilet.

SAFE STORAGE INFORMATION

It is important that patients take their medicines as prescribed by their health care provider and as indicated on the label or packaging. It is also important to be sure to store medicines securely to prevent accidental ingestion or misuse by others, especially children. Follow these instructions on secure storage of unwanted or expired medicines.

TAKE AS PRESCRIBED

Take medicines only as prescribed. Never give them away or share them. If you have any questions, ask your healthcare providers.

STORE SAFELY

Follow storage instructions as provided on medicine labels and on the information accompanying medicines. Keep medicines in a secure location safely away from people or pets that might come in contact with them.

DISPOSE OF IT IMMEDIATELY

Count medicines to know how many are left and if there are any missing. Dispose expired, unwanted, or unused medicines immediately and properly.

Do not place medicines in the trash or recycling, and never flush them down the toilet.

Medicines help treat diseases, manage chronic conditions, and improve health and well-being for millions of Americans. It is important that patients take their medicines as prescribed by their health care provider and as indicated on the label or packaging. It is also important to be sure to store medicines securely to prevent accidental ingestion or misuse by others, especially children.

For more information on safe storage, please [click here](#).

There are a number of ways to dispose of expired or unwanted medicines. To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicines.

Do not place medicines in the trash or recycling, and never flush them down the toilet.

For additional information on the program, MED-Project has developed an educational toolkit which includes the materials below.

Please select... ▼

FEEDBACK QUESTIONS

Please tell us how we are doing.

Please help us continue to improve our program by answering the questions below.

Have you heard, seen, or read anything in the past year about the opportunity for residents to safely store and dispose of unwanted medicines? *

Yes No Don't Know

Have you used MED-Project drop off locations or mail-back services to dispose of unwanted medicines in the past year? *

Yes No Don't Know

Please indicate how well you feel each following phrase describes the medicine disposal programs that currently exist?

	Very well	Somewhat well	Not very well	Don't know/No opinion
Easy to Locate *	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Easy to Use *	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Please tell us how you feel about the availability of unwanted medicine take-back services in your area.

Which statement do you agree with more (please select one):

I prefer to pick up a mail-back package at a mail-back distribution location, such as a library or town hall

I prefer to go to a take-back event every six months to return my unwanted medicines

I prefer to have a mail-back package sent directly to my home address

No preference

Appendix I

MED-Project Brochures and Posters

The image shows the front of a MED-Project brochure. It features a teal background on the left side with three sections: 'TAKE AS PRESCRIBED' with a document icon, 'STORE SAFELY' with a padlock icon, and 'DISPOSE OF IT IMMEDIATELY' with a question mark icon. The right side is white with a blue header for 'SAFELY DISPOSE OF EXPIRED OR UNWANTED MEDICINES'. Below this is an orange banner with contact information and a question 'What should you do with your expired or unwanted medicines?' accompanied by a pill bottle icon. The bottom right contains a grid of four icons: 'SAFE STORAGE INFORMATION', 'CONVENIENT LOCATIONS', 'MAIL BACK', and 'TAKE-BACK EVENTS'. The MED-Project logo and website are at the bottom right.

How to safely store medicines

TAKE AS PRESCRIBED
Take medicines only as prescribed. Never give them away or share them.

STORE SAFELY
Follow storage instructions as provided on medicine labels and on the information accompanying medicines. Keep medicines in a secure location safely away from people or pets that might come in contact with it.

DISPOSE OF IT IMMEDIATELY
Count medicines to know how many are left and if there are any missing. Dispose expired, unwanted, or unused medicines immediately and properly.

What items can I dispose of at a kiosk?

ACCEPTED:

Medications in any dosage form, except for those identified as Not Accepted below, in their original container or sealed bag.

If transferring medicines to a sealed bag, please be sure to recycle remaining packaging.

NOT ACCEPTED:

Herbal remedies, vitamins, supplements, cosmetics, other personal care products, medical devices, batteries, mercury-containing thermometers, sharps, illicit drugs, and pet-pesticide products.

DISPOSAL OF HOUSEHOLD MEDICINES

1 CONVENIENT LOCATIONS

To find kiosk sites in your area, visit the Convenient Locations section of www.med-project.org. Mail-Back Distribution Locations may also be available in your area.

3 TAKE-BACK-EVENTS

Local take-back events offer residents a free and convenient way to dispose of expired or unwanted medicines. For information on events in your area, visit the Take-Back Events section of www.med-project.org.

2 MAIL-BACK

Mail-Back Services are available in your area. To order a Mail-Back package, visit the Mail-Back section of www.med-project.org.

4 IMPROPER DISPOSAL

Do not place medicines in the trash or recycling, and never flush them down the toilet.

To protect your privacy, patients are reminded to remove all personally identifiable information on medication labels or packaging before disposing of unwanted medicines.

Figure 12: MED-Project Brochure Back (English)

Cómo almacenar los medicamentos de forma segura

TOMARLOS COMO SE INDICA

Tome los medicamentos solo como se lo indicaron.
Nunca los regale ni los comparta.

ALMACENAR EN LUGAR SEGURO

Siga las instrucciones de almacenamiento provistas en las etiquetas de los medicamentos y en la información que los acompaña. Mantenga los medicamentos en un lugar protegido, alejados del alcance de las personas o las mascotas.

ELIMINAR DE INMEDIATO

Cuente los medicamentos para saber cuántos quedan y si falta alguno. Elimine de forma inmediata y adecuada los medicamentos caducados, no deseados o no utilizados.

MED-Project™
Medication Education & Disposal

SEGURA
DE MEDICAMENTOS
CADUCADOS O NO DESEADOS**

¿Qué se debe hacer con los medicamentos caducados o no deseados?

Este material se ha proporcionado con el fin de cumplir con la legislación y no refleja necesariamente las opiniones de MED-Project ni las empresas que participan en el Plan de Administración de Productos de MED-Project.

En caso de transferir medicamentos a una bolsa sellada, asegúrese de reciclar el envase restante.

MED-Project™
Medication Education & Disposal
www.med-project.org

Figure 13: MED-Project Brochure Front (Spanish)

¿Qué elementos puedo eliminar en un kiosco?

ACEPTADOS:

Los medicamentos en cualquier forma de dosificación, excepto aquellos identificados como No aceptados a continuación, en su envase original o bolsa sellada.

En caso de transferir medicamentos a una bolsa sellada, asegúrese de reciclar el envase restante.

NO ACEPTADOS:

Remedios a base de hierbas, vitaminas, suplementos, productos cosméticos, otros productos para el cuidado personal, dispositivos médicos, baterías, termómetros de mercurio, objetos punzantes, drogas ilegales y productos pesticidas para mascotas.

ELIMINACIÓN DOMICILIARIA DE MEDICAMENTOS

1 CENTROS DE PROXIMIDAD

Para encontrar las ubicaciones de los kioscos en su área, consulte la sección Centros de proximidad en www.med-project.org. Las ubicaciones de distribución de devolución por correo también pueden estar disponibles en su área.

3 PROGRAMAS DE RECICLAJE

Los programas locales de reciclaje ofrecen a los residentes una manera gratuita y conveniente de eliminar los medicamentos caducados o no deseados. Para obtener información sobre los eventos en su área, visite la sección de Programas de reciclaje en www.med-project.org.

2 DEVOLUCIÓN POR CORREO

Los servicios de devolución por correo están disponibles en su área. Para ordenar un paquete de devolución por correo, visite la sección Devolución por correo en www.med-project.org.

4 ELIMINACIÓN INADECUADA

No coloque los medicamentos en la basura ni en el reciclaje, y nunca los tire al inodoro.

Para proteger su privacidad, se les recuerda a los pacientes que eliminen toda la información de identificación personal de las etiquetas o los envases de los medicamentos antes de desechar los medicamentos no deseados.

Безопасное хранение лекарств

ПРИЕМ ПО НАЗНАЧЕНИЮ
Принимайте лекарства только по назначению. Не отдавайте лекарства и не делитесь ими.

БЕЗОПАСНОЕ ХРАНЕНИЕ
Следуйте инструкциям по хранению, указанным на этикетках и в информационных материалах, прилагаемых к лекарствам. Храните лекарство в надежном и безопасном месте, вдали от людей или домашних животных, которые могут с ним взаимодействовать.

НЕМЕДЛЕННАЯ УТИЛИЗАЦИЯ
Подсчитайте количество лекарства, чтобы узнать, сколько его осталось и все ли порции на месте. Утилизируйте просроченные, ненужные или неиспользованные лекарства немедленно и следуя правилам.

Что можно сдавать в пункты приема?

ПРИНИМАЮТСЯ:

Лекарства в любой лекарственной форме, за исключением указанных ниже как лекарства, которые не принимаются, в оригинальной упаковке или запечатанном пакете.

Если вы поместите лекарства в герметично закрывающийся пакет, не забудьте также отдать на переработку оставшуюся упаковку.

НЕ ПРИНИМАЮТСЯ:

Растительные лекарственные средства, витамины, пищевые добавки, косметика, другие средства личной гигиены, медицинское оборудование, аккумуляторы, ртутьсодержащие термометры, колюще-режущие инструменты, запрещенные вещества и противопаразитарные средства для домашних животных.

УТИЛИЗАЦИЯ ЛЕКАРСТВ В БЫТОВЫХ УСЛОВИЯХ

1 РАСПОЛОЖЕНИЕ ПУНКТОВ ПРИЕМА 3 МЕРОПРИЯТИЯ ПО ВОЗВРАТУ

Чтобы найти пункт приема в вашем регионе, зайдите в раздел «Расположение пунктов приема» на веб-сайте www.med-project.org. Также в вашем регионе может быть доступна услуга возврата по почте.

Местные пункты возврата предлагают жителям бесплатный и удобный способ утилизации просроченных или ненужных лекарств. Информацию о мероприятиях по возврату в вашем регионе можно найти в разделе «Мероприятия по возврату» на веб-сайте www.med-project.org.

2 ВОЗВРАТ ПО ПОЧТЕ

В вашем регионе доступны услуги возврата по почте. Чтобы заказать упаковку для возврата по почте, зайдите в раздел «Возврат по почте» на вебсайте www.med-project.org.

4 НЕПРАВИЛЬНАЯ УТИЛИЗАЦИЯ

Никогда не выбрасывайте лекарства в мусор, не отправляйте их на переработку и не смывайте в унитаз.

Для защиты личной информации перед утилизацией ненужных лекарств пациентам рекомендуется удалить всю личную информацию с этикеток или упаковки лекарств.

Anong item ang maaari kong itapon sa isang kiosk?

TINATANGGAP:

Mga gamot na nasa anumang dosis na anyo, maliban sa mga tinukoy bilang Hindi Tinatanggap sa ibaba, sa orihinal na sisidlan nito o nakaselyong bag.

Kung naglilipat ng mga gamot sa isang selyadong bag, pakitiyak na i-recycle ang mailwan na packaging.

HINDI TINATANGGAP:

Mga halamang panlunas, bitamina, suplemento, kosmetiko, iba pang produkto sa personal na pangangalaga, aparatong medikal, baterya, thermometer na naglalaman ng mercury, matatalim na bagay, mga ipinagbabawal na gamot, at pestisidyong produkto para sa alagang hayop.

PAGTATAPON NG MGA GAMOT NG SAMBAHAYAN

1 MGA LOKASYON NA MADALING PUNTAHAN

Para makahanap ng mga kiosk site sa inyong lugar, bisitahin ang seksiyong Mga Lokasyon na Madaling Puntahan ng www.med-project.org. Maaari ding may available na mga Lokasyon para sa Mail-Back Distribution sa inyong lugar.

3 MGA TAKE-BACK EVENT

Nag-aalok sa mga residente ang mga lokal na take-back event ng libre at maginhawang paraan ng pagtatapon ng mga pasong hindi ginagamit na gamot. Para sa impormasyon tungkol sa mga event sa inyong lugar, bisitahin ang seksiyong Mga Take-Back Event ng www.med-project.org.

2 MAIL-BACK

May mga Serbisyong Mail-Back sa inyong lugar. Para umorder ng Mail-Back na package, bisitahin ang seksiyong Mail-Back ng www.med-project.org.

4 HINDI WASTONG PAGTATAPON

Huwag kailanman maglagay ng mga gamot sa basurahan o sa recycling, at huwag kailanman i-flush ang mga ito sa inidoro.

Para maprotektahan ang privacy mo, pinapaalala sa mga pasyente na alisin ang lahat ng personal na mapagkikilanlan na impormasyon sa mga etiketa o packaging ng gamot bago itapon ang mga hindi ginagamit na gamot.
