

Prevent Mosquito Bites

Remove standing water

Don't give mosquitoes a home!
Dump out water from tires, planters, gutters, buckets, or other places where water collects.

Keep mosquitoes outside

Use screens on windows and doors, and repair holes in screens. Close windows and doors when possible.

Use repellent

Use an EPA-registered insect repellent in areas with mosquitoes to protect yourself and your family.

Cover up

Wear long pants, long sleeves, a hat, and closed shoes in areas with mosquitoes. Treat clothing with permethrin to kill or repel mosquitoes.
