

## **WA DOH | Fall 2023 COVID Vaccine Campaign | Radio Scripts**

**:10**

Updated COVID vaccines are available now and will maximize your protection against the latest strains. Schedule your appointment today.

A message from the Washington State Department of Health.

**:15**

Updated COVID vaccines are available now and will maximize your protection - even if you've already been vaccinated or infected. If it's been more than 2 months since your last vaccine or infection, contact your health care provider for an appointment.

A message from the Washington State Department of Health.

### **Community Media Public Radio :20**

Support for KBCS-FM comes from the Washington State Department of Health, reminding you that updated COVID vaccines are available now to maximize your protection against the latest strains. If it's been more than two months since your last COVID vaccine or infection, contact your health care provider for an appointment. More info at [TakeCareWA.org](https://www.TakeCareWA.org)

### **Community Media :30**

Updated COVID vaccines are available now for everyone six months and older. The updated vaccine will maximize your protection against the latest strains, and help keep you, your family and your community safe.

If it's been more than 2 months since your last COVID vaccine or infection, contact your healthcare provider to schedule an appointment.

You can learn more about the COVID vaccine, where to get it, and other ways to stay healthy, at [TakeCareWA.org](https://www.TakeCareWA.org).
