CYSHCN Managed Care Organization Referrals

In Washington state, there are five Medicaid Managed Care Organizations (MCOs) who are contracted to deliver Integrated Managed Care (ICM) services which include **Care Coordination and Case Management** for eligible clients. Both Care Coordination and Care Management are administered as the MCO identifies clients who would benefit, but **CYSHCN coordinators can also request and refer Care Coordination and Case Management services** for their CYSHCN clients.

Care Coordination Activities (CC):

- Focus on short term or intermittent needs
- May be provided by unlicensed/nonclinical staff
- Access to care/services addressing social needs
- Improve clinical outcomes
- Increase self-management skills
- Voluntary

Case Management Activities (CM):

- Focus on longer term support (approx. 3-6 months engagement)
- Provided by licensed/clinical staff
- Assist members in managing complex healthcare needs
- Goal setting based on individual's priorities
- Integrated care planning with member consent
- CM services are voluntary, and must have member/guardian consent to provide CM

Contacting MCOs for Referrals and Support

There are several ways to connect with MCOs on behalf of your CYSHCN client

- CYSHCN coordinators can reach out to the direct MCO central email managed by HCA. This
 contact is great for general MCO questions or if you need additional support or clarity about
 which MCO to reach out to and what services to request. The email is
 HCAMCPrograms@hca.wa.gov.
- 2. You can reach out the MCO emails <u>below</u> to request Care coordination and/or case management. Please see the table below as the process may vary for each MCO.
- 3. You can reach out to the MCO CYSHCN coordinators in the CYSHCN Coordinator Contact list

CYSHCN MCO Coordinator Contacts

Apple Health Managed Care Contacts for Children and Youth with Special Health Care Needs (CYSHCN)

The Apple Health Managed Care Organizations (MCOs) have dedicated care coordinators for individuals with special health care needs. Each MCO has identified one or more staff to assist in problem-solving for children and youth with special health care needs and their families. They are also able to assist in understanding and accessing benefits, coordinating complex health problems, and referrals to community resources such as WithinReach. The coordinators can be reached at the below phone numbers or e-mails.

Recommendations Requesting MCO Care Coordination & Case Management:

- Discuss with CYSHCN and family prior to referral and get consent prior (if possible)
- Send a secure email to the client's MCO to request care coordination.
 - Emails from local health jurisdiction identify the sender as a public health employee and are HIPAA-compliant
- Specify CYSHCN Request for Care Coordination or Case Management] in the subject line and provide the following information within the request:
 - Individual's name
 - o Individual's ProviderOne ID (9-digit number ending in "WA")
 - Individual's date of birth
 - CYSHCN's Coordinator or FRC's name and contact information
 - Details about the individual, including current services (if known) and the reason for the request for care coordination
 - Client or legal representative's contact information
 - Indicate that the client or their representative requested care coordination
 - Indicate if the MCO should contact the CYSHCN Coordinator prior to contacting the individual or their representative

MCOs and SSI Application Support

MCOs are able to support CYSHCN and their families with **SSI applications**. The procedure would still be to request Coordination support, with the MCOs via one of the <u>three recommended mechanisms</u>. The MCOs contract out the SSI application support. This is important to share with families right away. A company called <u>Centauri Health Solutions</u> will reach out to families for support in their SSI applications if the MCO identifies this need. Because Centauri will be calling families asking for personal health information for the CYSHCN in the household, it is important for families to be made aware of this partnership to build trust and partnership with this resource.

CYSHCN coordinators may share a <u>Centauri FAQ document</u> with CYSHCN families in order to prepare and educate on them on the resource.

Next Steps

The CYSHCN program encourages CYSHCN coordinators to utilize these care coordination and care management resources with the intent of reducing duplication of work and expanding CYSHCN coordinator capacity with the increased support. Please reach out to the CYSHCN program if you

encounter any barriers to engaging with theses existing resources; the program is available to offer guidance and resolution.
