

## Application for Washington State J-1 Physician Visa Waiver Program

Please type or print clearly and read all instructions carefully. Complete all sections of this application form and attach any additional documentation as needed.

Please review the Application Checklist to ensure all required documentation is provided in the requested order. Incomplete applications will be returned. Please refer to Chapter 246-562 WAC for additional information. The Department of Health (department) suggests, but it is not required, the applicant work with an immigration attorney to ensure all steps are in place that will allow the physician to work in the United States.

If you have questions concerning this application, please contact the J-1 Visa Waiver Program at J1VisaWaiver@doh.wa.gov.

Applications will be accepted October 1st until October 15th of each federal fiscal year to be scored and prioritized based on an annual scoring rubric. Please see the scoring rubric on the department's website for more information. If waiver slots are still available, the department will receive additional applications on a first-come, first-serve basis between November 15th through September 1st of each federal fiscal year until all waiver slots have been filled.

The applicant will be notified of the department's decision. If approved, the department will add the necessary documentation that indicates our intention to act as a sponsor and will forward the application package to the U.S. Department of State. You will be notified by the U.S. Department of State of their approval or denial. The department's approval does not guarantee approval from the U.S. Department of State or the U.S. Citizenship and Immigration Services.
