WSR 24-21-034

Agency: Department of Health

Subject of possible rule making: Reducing Barriers - Review of initial license and endorsement requirements for Athletic Trainers. To comply with Second Substitute House Bill (2SHB) 1724 (chapter 425, Laws of 2023), the Department of Health (department), in collaboration with the Athletic Training Advisory Committee, will consider amending WAC 246-916-010 and 246-916-030 to update substantial equivalency and initial licensure rules.

Statutes authorizing the agency to adopt rules on this subject: RCW 18.250.020 and 2SHB 1724 (chapter 425, Laws of 2023) codified in RCW 18.130.077.

Reasons why rules on this subject may be needed and what they might accomplish: RCW 18.130.077 requires disciplining authorities to waive education, training, experience, and exam requirements for applicants who have been credentialed in another state or states with substantially equivalent standards for at least two years immediately preceding their application with no interruption in licensure for longer than 90 days. The statute also provides disciplining authorities the option to waive education, training, experience, and exam requirements for applicants who have achieved a national certification for their profession. This option allows licensing authorities to consider evidence of a national certification to qualify for an athletic trainer license.

The goal of RCW 18.130.077 and substantial equivalency is to reduce workforce shortages, and reduce licensing barriers for applicants seeking a credential. The department will consider amending WAC 246-916-030, Applicants Currently Licensed in Other States, to bring it into alignment with RCW 18.130.077, and also consider amending WAC 246-916-010, Licensure Requirements, to create a pathway for applicants who are nationally certified to qualify for a license.

The department had previously filed a CR 101 as WSR 24-13-078 for rules regarding athletic training, but is withdrawing that and refiling this new one to consider the optional national certification for all athletic training applicants.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies: None.

Process for developing new rule (check all that apply):

- Negotiated rule making
- Pilot rule making
- Agency study
- Other Collaborative rulemaking

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting:
