Dear Mr. Lopardo:

The Department of Health has completed its review of your request for a six-month extension to the validity of Replacement Authorization (RA) #067. As you know RA #067 was issued on August 3, 2009, approving the replacement of Avamere Highlands Memory Care and Rehabilitation in Tacoma, within Pierce County, to a new site in DuPont, also within Pierce County. Enclosed is RA #067E approving an additional six months from August 3, 2011, to February 3, 2012.

The RA is not approval for any other local, federal, or state statutes, rules, or regulations. Such a project may also need Department of Health approval for a construction plan and facility licensing or certification, as well as other federal or local jurisdiction permits.
