WITNESSES

Testimony by Commission Members

Respondent asserted that the Department witness could not testify because the witness is a reviewing commission member. A reviewing commission member may testify and participate in settlement negotiations so long as (s)he does not also participate in the decision on the charges. Such testimony will not violate the separation of functions required by RCW Chapter 34.05, or lead to a hearing that is not fair, impartial, or neutral. . . .**Gary Feldman**, 95-08-07-33DD (Dental; November 27, 1995).
