

This list includes organizations who participate in the Washington State Immunization Information System (IIS). Participating in the IIS means the organization has a signed Information Sharing Agreement on file with the Washington State Department of Health.

This document only shows “parent” organizations who participate in the IIS, not all the facilities affiliated with each organization. Click [here](#) for more information about organizations and facility structure in the IIS. For organizations who are not included on the list, visit the [main IIS web page](#) for more information about how to get access to the system.
